Highway 40 Most Popular In State As Point of Entry

More People Entered State Through Truckee During July

Truckee was the second most popular point of entry into California during the month of July, being exceeded only by Yermo, which had 1135 more vehicles checked there than at the local station. Truckee surpasses even Yermo in the number of passengers.

The Truckee count for all vehicles was 74,601 while Yermo had 75,736.

The count here included 70,559 cars, 3252 commercial vehicles and 790 buses, with a passenger total of 233,800, compared to Yermo's passenger total of 213,383.

The number of cars entering the state by way of Truckee was more than 21,000 over the month of June and compared to 65,088 for July last year.

Meyers on Highway 50 reported checking 21,218 cars, 306 trucks and 65 buses, with a passenger count of 62,637 during July.

Truckee, aside from the Yermo station was nearly double the third place station among the state's 17 points of entry.

HOMEWOOD MAN PLEADS INNOCENT IN BEER SALE CASE

William C. Callender of Homewood entered a plea of not guilty to a charge of selling alcoholic beverages to minors when he was arraigned before Judge Harry Charrison at Tahoe City Sunday. Callender was cited by a state board of equalization officer Saturday after he allegedly sold beer to two 19-year-old boys.

The two boys were fined $25 each after their plea before Judge Charrison and the fines were suspended and the defendants warned against frequenting places where intoxicants are sold.

Judge Charrison set August 30 at 10 a.m. as the date for Callender's trial.

STAMP COLLECTORS ORGANIZE CLUB AT TRUCKEE SESSION

A group interested in stamp collecting of the Truckee Lake Tahoe area met at the Wyethia Clubhouse on Thursday night, August 5 to form a stamp club if enough interest could be found.

At the meeting nine enthusiastic stamp collectors were present and a stamp club was formed.

The club will be known as the Donner Stamp Club. Thomas Sheehan of Lake Tahoe was elected president and Mrs. Henry Toccalini of Truckee was elected secretary.

The meetings of the newly formed club will be held on the first Thursday of the month. A cordial invitation is extended to anyone interested in stamp collecting to attend these meetings.

At the meeting several brought their collection of stamps and much interest was shown in the various collections. Part of the meeting was devoted to the trading of stamps.

Small Fire Reported In Kings Beach Area

The U. S. Tahoe Forest Service reports that the fire hazard throughout the district is becoming extremely dangerous as the dry spell continues and the eleventh fire of the season was put out at Tahoe Vista. Henry Toccalini, dispatcher of the Truckee office, reported that a summer resident apparently dumped hot ashes in a spot where the surrounding area was soon burning and only the quick work of the combined efforts of the Tahoe Forest Service, Kings Beach fire truck, Tahoe Camp patrolmen and volunteers kept it within a small area.

Fellowship Group Will Start New Series Here

The Methodist Youth Fellowship will start a new series this coming Sunday night at 6:30. Janice Notley, Janet Allen, Nancy Kaspian and Dorothy Frey will be sharing in planning this series.

Rev. Wesley Osman announced that there will be an official board meeting at the Methodist Church at 8 o'clock Monday, August 10.

Pastor Osman wil continue his series on the church, preaching on "What Is the Church?"

Food Sale

The Women's Society of Christian Service of the Methodist Church will hold a cooked food and pastry sale at Duane Freeman's Do-Nut Shop on Friday, August 13. The sale will open at 10 a.m. and continue until the luncheon and dinner dishes are sold.

Loyalton Will Play Here In Softball Game; Cup Goes to Power Team

The Truckee Athletic Club softball team will contest with the team from Loyalton at the local ball field on Sunday, August 15 beginning at 2 p.m. This will be the deciding game of the season. Refreshments will be served.

The merchants' trophy was presented last Thursday to the Sierra Power Company softball team after they played the Independents, making them league winners for the season. The score, 6 to 5.

Outdoor Sportsmen Outline 2 Projects

Two important projects designed to improve fishing and hunting conditions in this area were decided upon at Tuesday night's meeting of the Truckee Outdoor Sportsmen.

At the same time the first Tuesday in each month was voted as the regular meeting night for the organization, the next meeting to be held September 7 at which time discussions will center around the annual buck stew sponsored by the Sportsmen.

Charles Osburn, president of the club, Tuesday night appointed a committee to work with Jack Waggoner of Donner Lake to install a fish screen at the outlet of Donner Creek to hold the kokanee salmon in the lake and keep them from the creek and the Truckee River. Waggoner has volunteered to supply the labor for the project and the Sportsmen will furnish the necessary materials.

The second project is the installation of a rifle range on the hillside south of the Truckee River and across from the Stockton Box Company's mills.

C. A. Tollefson has authorized the use of the land which he owns and sportsmen will be privileged to use the range for target practice, sighting in guns and competitive shoots, if so desired. A committee was appointed by Osburn to take the necessary steps to erect the range.

Thirty minutes of motion pictures of fish hatcheries were shown through the courtesy of Warden Irv Single who procured the films from the state department of fish and game.

Thirty-five members and guests attended the meeting and refreshments were enjoyed.

Time Short For Making Hunting Applications

Local hunters desiring to participate in the special deer hunts in Sierra Foothill District No. 1 and No. 2 in which either sex deer may be taken, are warned that the drawing will be held in Sacramento August 30 and applications wll close August 16. The season in District 1 runs from October 11 to October 24 and in District 2 from October 4 to October 17.

Applications, according to Charles Osburn, president of the Truckee Outdoor Sportsmen, must be made with the department of fish and game at Sacramento and the winners wil be efbdiiytonff the winners will be notified by mail.

Osburn has other information regarding the special hunt.

Hi-Jinks Night Planned For Wyethia Women

Hi-jinks night is being planned by the Wyethia Club members for their meeting to be held on August 20 a 8 p.m. Mrs. Fred Pedley will preside and cards and other games will be the entertainment.

Members of the local club attended the tri-county conference held last Thursday at Homewood.

ENTERTAIN

Mrs. Loren Ferdinand entertained a group of friends on Monday evening with cards, the diversion of the evening. The hostess served refreshments following the play.

Visit Relatives—

Mrs. Dan Smith and son, Moke Keilhofer of Sacramento were here this week visiting relatives and looking after local property.

Have Guests—

Mr. and Mrs. O. Schumacher had as recent guests, Mr. and Mrs. Ray Potter of Santa Ana.

Water Carnival At Tahoe Will Be Held Sunday

Many Entries For Affair At Chambers Lodge On Sunday

TAHOE CITY—Frank Kraus, Jr., of Sacramento, publicity chairman for the Tahoe Yacht Club, releases today the program for next Sunday's water ski carnival, to be held at Chambers' Lodge. Starting time is 9:30 a.m., the program to cover three to four hours, or longer.

The entrance fee for water skiers is $2 and the course will run proximately 200 feet.

Events for the program, the second staged by the Tahoe Yacht Club, run as follows: Junior slalom, boys and girls, 13 and under, three trophies; special exhibition: boys' slalom, 13 to 17, three trophies; girls' slalom, 13 to 17, three trophies; juniors' tricks, boys and girls, 13 and under; three trophies; jumping exhibition: men's slalom, 16 and over, three trophies; women's slalom, 18 and over, three trophies; boy's tricks, 13 to 17, three trophies; girl's tricks, 13 to 17, three trophies; adults' tricks, men and women over 17, four trophies.

Speed boats which tow the skiers will include George Besotes' craft, Besotes (Stockton); Clark Hall's Rainyear, and J. Philip Murphy's Muvalong, Tahoe.

Present Tahoe Yacht Club officials serving for the balance of this year are: J. Philip Murphy, commodore; R. Randolph Walker, vice commodore, Lowell Berry, rear commodore; E. L. Oliver, secretary-treasurer; water ski carnival committee Roger Murphy, chairman; Jay Murphy, Clark Hall, Frank Kraus, Jr., publicity; R. R. Walker, announcer.

Boy Hitch-Hikes On Lift; Is Injured

Andrew Bender, Jr., 10-year-old son of Mr. and Mrs. Andrew Bender of Redwood City, was believed seriously injured late Tuesday afternoon when he was knocked from a closed chair-lift ramp at Squaw Valley and fell a distance of 15 feet.

According to investigators, Mr. and Mrs. Bender, accompanied by their son and the latter's cousin had gone to Five Lakes on a fishing trip. En route home, the two boys became separated from the adults. The latter riding back to the valley on the lift.

Part way down the two boys decided to "hitch-hike" on the descending lift and despite the fact the ramp was closed and dangerous, climbed up and as the chair went by they grabbed at it. The cousin managed to get aboard but Andrew was struck and knocked to the ground, attendants at the lodge reported.

The Truckee ambulance brought the injured boy to the Tahoe Forest Hospital. He was treated here and later taken to a Reno hospital for further treatment. He had both arms broken and serious head injuries.

SEARCH FOR BODY IN DONNER FAILS

Despite continued dragging operations at Donner Lake, no trace of the body of Sam Grillo, 30, of Los Angeles, drowned there August 1st has been found. The dragging operations have been conducted under the direction of Sheriff Wayne Brown, Deputy Roy Waters, Rex Reid and others.

Sunday, the rescue crew from the Civilian Air Patrol at Reno, comprising O. J. Morgan, Hugh Kees, Darrell Swope, Bert Stevens, Mid Lipora and Harold Stitcher, spent hours over the spot where the body of Grillo disappeared without results.

At Ray Home—

Recent guests at the Truckee River home of Mrs. C. H. Ray were Mr. and Mrs. Charles May of Santa Rosa, Mr. and Mrs. J. E. Mustain of Cupertino and Mr. and Mrs. Wallace Benjstorf of Santa Cruz.

Hospital Patient—

Mrs. Shirley Madison of Kings Beach was a patient at Tahoe Forest Hospital ths week.

WILL LECTURE HERE

Henry Allen Nichols, C. S., who will deliver a free lecture at the Donner Theater here Sunday afternoon at 3 o'clock on "Christian Science and the Steady Gain of Mankind. The public is invited to attend.

Christian Science Lecture Will Be Heard On Sunday

The effect of Christianity upon the progress of mankind—and the growing practice of Christian healing today—will be the theme of a Christian Science lecture to be given by Henry Allen Nichols of Los Angeles.

Nichols will speak under auspices of the Truckee Group of Christian Scientists, sponsored by First Church, Christ Scientists, Reno, in Donner Theater, at 3 p.m. Sunday, August 15. His subject will be: "Christian Science and the Steady Gain of Mankind."

Now on a nation-wide lecture tour, Nichols is a member of The Christian Science Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

He has been active in education both as a teacher as well as a representative of a publisher of text books for colleges and universities During World War I he received the Croix de Guerre for action in the United States Army Ambulance Service attached to the French Army. He was a Christian Science wartime minister during World War II, and has been in the public practice of Christian Science healing since 1926.

Dr. King Will Begin Practice Here Monday

Dr. B. R. King, Jr., who recently arrived here from Hobbs N. M., announced this week that he would be ready to open his offices for general medical practice in the location formerly occupied by Dr. Sidney Kase by Monday, August 16.

Dr. King is taking over the practice of Dr. Kase while the latter is in the navy, having left Sunday to start his 18-months tour of duty as a lieutenant.

Dr. King's wife and three children were expected here this week to make their home.

The newly arrived doctor, a veteran of World War II, with active service for more than two years, comes here highly recommended both as a physician and surgeon and selected Truckee as a permanent location because of his love for this type of country and because the area is equipped with one of the best and most modern hospitals available anywhere, he said.

Southern State Man Has Unique Fishing Method

Cary Brous and boys of Los Angeles have a most unique—to say the least—way of fishing.

Brous reported last week that while staying at Cedar Shadows at Tahoma, they went hiking several miles up McKinney Creek.

"Coming back down," Brous recited, "we spotted a big trout in shallow backwater. Using a forked stick, we managed to trap it and reached down, picking it up. Yes, it was far from dead—still had lots of fight left. A 22-inch rainbow weighing four pounds."

WEDDING DATE

Friends of Mr. and Mrs. A. E. Burlingham extended their felicitations to the well known couple on their silver wedding, celebrated on Tuesday, August 10.

Truckee Utility Moves to Form Assessment Area

Protest Voiced During Meet Concerning Donner Water Supply

Following the public hearing at Donner Lake Lodge Thursday in which the Donner Lake Utility Company asked a certificate from the state public utilities commission to supply water to a portion of the fast developing lake area, the Truckee Public Utility District requested their attorney to proceed with the necessary steps to establish an assessment district in the area.

This action was taken, C. Edmunds, manager of the district, said, so that if condemnation proceedings become necessary to acquire the property of the Donner Lake Utilities Company, the financing of the action can be facilitated.

"It may also be necessary," Edmunds said, "to issue revenue bonds, which are not a lien upon any property but are payable out of revenues only. The district may find it necessary to establish one or more assessment districts around the remaining area of the lake to proceed with its plans to serve the entire Donner Lake area with one water system."

Representatives of the utility district vigorously opposed the issuance of a certificate to the Donner company at the hearing Thursday, pointing out that the area to be served lies within the boundaries of the district. It was also emphasized by Edmunds and others representing the district that many overtures have been made to have the Donner Lake Development Company cooperate in a plan for the district to provide an adequate water service to the residents of the area but that little encouragement had been received.

The testimony of the utility district representatives was supported by representatives of the Donner Lake Improvement Association which last summer petitioned the district to take necessary steps to provide an adequate water system.

Edmunds said it was not until July, 1953 that the district was advised that the Donner Lake Development Company was considering forming a private water company to serve a portion of the lake area.

The district, Edmunds said, has attempted to secure a price from the Donner Lake Development Company for their facilities, but no answer has been given.

He said the district is prepared now, as it always has been to enter immediate negotations with the company to take over and further develop a water system, either by satisfactory agreement or by condemnation proceedings.

Examiner Carl Silverhart of the state utilities commission, who heard evidence in the matter Thursday, took the matter under advisement and will submit his findings to the commission.

Main Discusses Races At Lions Club Session

Fred Main, president of the Tahoe Sierra Chamber of Commerce and manager of the Tahoe Boat Company at Tahoe City, spoke on the recent Gold Cup boat races at Seattle and the coming Mile-High Gold Cup events to be held at Tahoe September 11 and 12, at the meeting of the Lions Club at Donner Lake Lodge last night.

The forthcoming events, Main said, will attract some of the fastest boats and best drivers in the country. The affair is sponsored by the chamber of commerce.

Robert Newsham of Palo Alto was a guest at the meeting which was presided over by Earl Stice.

Rough Fish Eradicated From Mountain Lakes

Fish and game officials Tuesday chemically treated Round Lake and Devils Peak Lake on Donner Summit back of Soda Springs to eradicate rough fish and prepare for the planting of eastern brook trout next year. Very few game fish were destroyed in the process, Game Warden Irv Single said.

Cigarette Tossing Costs Motorist $100 Fine In Tahoe's Justice Court

Tossing a cigarette from a moving vehicle cost Harry Peck Fields, 45, Stockton, $100 when he appeared before Justice of the Peace Harry Charrison in the Tahoe Judicial Court this week.

Fields was cited by Roy Crotty of the U. S. Forest Service at Kings Beach.

Judge Charrison pointed out the danger from such practices and urged others to use ashtrays and to be extremely careful in handling lighted cigarettes and other fires.

Work Starts Here Resurfacing Road

Clements Construction Company this week started work on resurfacing Highway 40 from the Donner Gate to Truckee.

The two-inch plant-mix surfacing is being prepared this week and actual resurfacing is expected to start next week. The project also includes some blanket surfacing between here and the Nevada state line, including a stretch near Boca which will be done in the near future by the same company.

The work will include the Tahoe-Truckee Wye and will extend a mile and a half south of the Wye on State Rout 89, Frank Fox, Truckee district superintendent, said. Ray Sweet is the state engineer in charge of the local work.

At the same time, Munn and Perkins of Modesto is expected to start work on the Hobart Hill from Hobart to the top of the hill just north of there as a part of a project which includes 12.3 miles of eight-inch cement base and a two-inch plant-mix surface in Sierra County.

The latter work will involve an expenditure of some $190,000. The contract includes Highway 89 from the Little Truckee Summit to Randolph and from Sierraville to Satley. This wil be done with reinforced concrete and plant-mix providing a permanent highway for that region.

The Sierraville road was kept closed last winter to protect the present base and provide for the work which is now being started.

NEW FUEL AGENCY FORMED HERE BY LOCAL, TAHOE MEN

This area has a brand new fuel agency.

Kenneth Foster and Jerry Little, both well known throughout the district have opened their Tahoe Truckee Fuel Company and are prepared to offer sales and service. Plans for establishment of a plant are progressing and in the meantime they are making deliveries from their bright yellow trucks.

Both men were formerly associated with the Mountain Rotary Fuel Company and later with the Ransome Company. Foster resides in Truckee and Little at Kings Beach.

20-30 Club PLANNING FOR DISTRICT MEET

A meeting of the 20-30 Clubs within the Nevada district will be held in Truckee in the middle of September with the local club as host of the group.

Bud Little was received as a member at the regular meeting of the club last evening and Ed Crandall, who has been a student at the University of Nevada for the past year, has returned to the membership.

Sunday, August 8, William Donati, deputy governor of the Nevada district was one of the guests at the Donner Lake outing and picnic of Truckee and Sparks, Nevada 20-30 Clubs and their families. Swimming and other water sports rounded out the afternoon.

Visit Hospital—

Mr. and Mrs. Ted Barrett of Biggs and former residents of Kings Beach visited local friends and the Tahoe Forest Hospital. Barrett was a member of the board in the formation of the hospital.

Donate Iris—

Mr. and Mrs. John Gracik donated iris for the garden of the Tahoe Forest Hospital, planted this week.

Schools In District Made Ready For Opening Sept. 7th

Many Improvements Made As Buildings Get Renovation

When classes in the schools of the Tahoe Truckee Unified District resume on September 7, more than 600 pupils will enter remodeled and completely renovated classrooms and enlarged and more adequate playgrounds.

During the summer months, maintenance and building crews have been busy in all the five schools of the district, increasing the efficiency and modernizing kitchens, rooms and offices—putting the plants of the district in better condition than they have ever been.

Most of the work of repair and alterations was done with regular school employes, with contracts where necessary on major improvement projects.

Perhaps most noteworthy among the many improvements may be seen at the high school where crews have completed work on the football and baseball field just south of Donner Creek back of the main school plant. The grass planted last year and watered from an improvised irrigation system from Donner Creek, will be ready for the rough play this fall, and small bleachers have been erected on the east side of the playing field for the convenience of patrons.

Currently about one-half of the 51-acre tract containing the high school is in full use, with athletic fields, lawns, driveways and other outdoor facilities surrounding the main buildings. The buildings themselves are being renovated and readied for occupancy when classes resume, although no major changes in that school were deemed required.

The Truckee Elementary School, however, has undergone extensive improvement since the construction of the new addition. The kitchen has been rebuilt and enlarged and made more convenient for the cooks as well as the pupils. Classrooms are being refloored, painted and repaired, with a thought for providing every possible advantage for students and faculty.

The playgrounds there have been enlarged to utilize every foot of property in the rather cramped lot which the school occupies. The property upon which the plant stands is the smallest of the five district school, although it is frequented by far more than any of the others.

The smallest of the schools on Donner Summit—the Donner Trail Elementary—occupies two acres of land, while the Tahoe Lake Elementary has approximately seven acres and the Kings Beach School about five acres.

At the Donner Trail plant, no major activity, with the exception of general repair and maintenance, was required this year, Superintendent E. V. O'Rourke said.

At Tahoe Lake, the playground has been enlarged and improved and now extended from above the main school plant to near the highway. Trees have been removed, equipment installed, land leveled and the usefulness as well as the attractiveness has been greatly improved. The interior of the building is undergoing a complete overall, with added facilities. Floors are being varnished, walls painted and the kitchen revamped for modern conveniences.

At Kings Beach a similar program is nearing completion. There the exterior and interior of the school and garage are being redecorated and repaired and the kitchen there, also, is being enlarged and modernized. New equipment is being installed on the playground.

The work in all schools was planned with a thought for future development. Currently none of the five schools are up to capacity and it is the hope of the board and administration that the current and proposed improvements will keep ahead of the constant growth of the communities and subsequent increased enrollment.

COZZI NEW HEAD OF ODD FELLOWS HERE

Steve Cozzi was recently installed as noble grand of Donner Lodge No. 162, I. O. O. F. Also seated at the ceremony were Roger Rockholm, vice grand, F. A. Titus, secretary and Jerry Zunino, treasurer.

Kalers Company—

Miss Yvonne Garrison and Mrs. Ruth Wallace, both of Sacramento, were weekend guests at the J. E. Kaler home.

Leitchs See Friends—

Dinner Party—

TAHOE CITY — Mr.and Mrs. Bud Scott Tuesday evening held a dinner party for Mr. and Mrs. Lewis Marsten of Sunnyside, Mr. and Mrs. Clay Sherman of Piedmont and Robert Dawson, Howard Kinsey and Mr. and Mrs. Hobbs Merle all of San Francisco.

FUNDS FOR HALL

The County Board of Supervisors, at an evening session on July 26, made funds available for the construction of a county Juvenile Hall, which will be the realization of the goal of the Nevada County Probation Committee.

12 DIE IN TRAFFIC FIRST HALF YEAR

SACRAMENTO (CNS)—The California Highway Patrol today announced that rural highway deaths in the Roseville-Truckee area during the first six months of this year totaled 12, compared with seven for the same period last year.

The increase ran contrary to a state-wide reduction in the number of fatalities, which numbered 915, a decrease of 196 from the January-June toll a year earlier.

The patrol listed the number of injuries in the area at 243, compared with 298 during the first half of 1953. A total of 151 accidents were reported, compared with 163 for the period a year ago.

Statewide, the number of traffic injuries totaled 20,613, a decrease of 1277. The number of reported accidents also decreased, from 13,844 for the six-month period in 1953, to 13,339 for the corresponding period this year.

PONDS APPROVED AT MEETING OF BOARD

Floyd Pond, Nevada County probation officer, received the unanimous nomination of the superior court's probation committee to continue in his present position for an additional two yars, the maximum length of appointment according to statute.

His formal appointment by Superior Judge James Snell will follow as a matter of course, the judge said.

The committee also heard and acted favorably and unanimously on a request by Deputy Probation Officer Janet Hinkey that she be nominated for the newly-created position of assistant probation officer.

As assistant she will be called upon to share investigative work in the field with Pond, and will handle women's cases.

The average depth of the Atlantic Ocean is 12,880 feet.

TAHOE FOREST ACTIVITIES

The Loyalton Fire

Well, it happened again! Someone's gross carelessness started this disastrous fire—there is no doubt about it.

The fire started at the edge of a campground, alongside Smithneck Creek. It burned rapidly but did not immediately run away. Volunteers from Loyalton and the Sierraville district forces arrived soon after the start. They all worked their hearts out and just about had the fire controlled when a gust of wind threw some burning coals 100 yards to the opposite mountain slope.

Two fires were now going. Men were placed on both, but with a strong wind spreading the flames, the forest officer in charge had to make a decision—to fully contain one fire—be sure of that one, or maybe catch both or lose both. Because of the high timber values to the west, the spot decision was made to contain the fire on the west slope and leave the east slope fire go. A sincere prayer was offered too.

The decision, in retrospection, was a good one, for as things turned out, a 6500 acre burn to the west would have been more than terrible. It was bad enough the way it went.

Total acreage burned was 6500. Sixteen miles of fire line were built. Seven injuries occurred, six of which required medical treatment. Three million board feet of good merchantable timber destroyed together with thousands of young Jeffry pine and fir trees. Some excellent deer feeding country set back 20 years and large losses in grazing.

For what, and why? Because someone got off guard for just a fraction of a second—someone forgot to remember "that only you can prevent a fire." Don't let this happen to you.

Revise Regulations

SACRAMENTO (CNS) — Plans are under way to revise regulations governing licensing of private institutions caring for aged persons, Charles I. Schottland, state director of social welfare, announced here today.

The new rules, which institutions are requested to comment on, will affect both proprietary and nonprofit homes for the aged, he said.

Stage Line

The California and Oregon Coast Stage Line, started in 1871, provided transportation from Oregon points to Redding.

Filipino Imports

Goods valued at $25,993,237 were imported through the San Francisco Customs District in 1952 from the Republic of the Philippines.

Bridge Building

The forest is busy this summer with the construction of three fair size road bridges. Two are being built by private contractors on timber access roads and one by a state-wide Forest Service crew on a forest road.

East of Foresthill, crossing Deep Creek, the da Rosa Construction Company of Dutch Flat is building a steel and concrete reinforced bridge of sufficient strength to carry large logging trucks. It is located on a timber access road to a sale area under contract to the American River Pine Company of Foresthill.

Also, east of Forest hill, and for the same purpose, the Gilb Construction Company of Oakland, is building a bridge across Duncan Creek.

These two bridges are needed in order to open up a large block of timber now ready for harvesting.

On the forest road that runs from Soda Springs to the Cedars, thence along the Foresthill Divide into the town of Foresthill, a bridge is being built by a trained Forest Service crew under the foremanship of Connie Wong, an old hand at bridge building. It is being built of treated timbers.

From where I sit ... *by* Joe Marsh

"Nothing to Sneeze At"

This year our town decided to do something about its hay-fever sufferers. Hap Thomas is our health officer, so he was made ragweed "inspector."

"Can't see why anybody should be bothered by a few weeds," he snorted. "I say it's all in their minds." But Hap went on out to do his job.

Then, yesterday, I met Hap—looking kind of sheepish. His eyes were red and as he took out a big handkerchief, he sneezed. "Know somebody who isn't allergic, who'd like a job?" asks Hap.

From where I sit, I can sympathize with Hap. It's no joke. But as Hap admitted later, he was dead wrong in scoffing at the idea of hay fever. Making light of other people's ideas and opinions is a familiar trouble with a lot of folks. Whether it's hay fever, football or a choice of, say, buttermilk or beer as a thirst-quencher, I'm just naturally "allergic" to anybody who "knows-it-all"!

SWANEE'S Lake Tahoe Letter

Tahoe City, Aug. 8

Dear Tahoeites:

Attendance at Bishop Noel Porter's Outdoor Chapel of the Pines continues at four hundred or more each Sunday. Today special dedication services were held in observance of completion of the new road which runs from the highway to the back parking area, a convenience greatly needed. The entire congregation was on hand to witness the ceremony during which a deed for the newly acquired 50 feet of beautiful wooded property to the north of the chapel was handed to Bishop Porter by the distinguished jurist, Judge Clarence Galston of the United States Court of Appeals in New York. Frank J. Edoff of Piedmont was the generous donor of the land.

Bishop Porter read a special prayer in honor of the occasion. Peter Gibson of Stockton's College of the Pacific has been the guest organist and Mrs. Carlson of Pineland has been soloist. A week ago today Bishop Porter administered the sacrament of baptism to Mrs. Lenore Bartel and Mr. and Mrs. Robert Pomin and their small daughter, Dorothy Suzanne.

The service was held at 5 p.m. at the Outdoor Chapel, and was followed by dinner at Forest Inn, the group including Bishop Porter, Mr. and Mrs. Pomin and children, Mr. and Mrs. Jay Shontz and children, and Mr. and Mrs. Ewald Brodehl of Monterey. On Saturday afternoon last Bishop Porter performed a 4 o'clock ceremony uniting in marriage Janet Jean Hicks and George Louis Stephens Emmons, both of San Francisco. Although Bishop Porter could not provide details of the wedding, the bride wore traditional white wedding gown with parents of both parties present and a small group of friends. Witnesses were Philip M. Hicks and John R. Harris of San Francisco and the bride's parents were Mr. and Mrs. Avery H. Hicks, and the groom's Mr. and Mrs. George Hinckley Emmons, all of San Francisco.

At 5:15 Saturday Bishop Porter married H. Hunt and Vera Leptien, both of San Rafael. Parents of the bride are Mr. and Mrs. Karl Leptien and the groom's are Mr. and Mrs. Harry Hunt, all of San Rafael.

Today, Sunday, at 2 p.m. Eugene Allsen Rose, Sacramento Bee staff photographer, was married by Bishop Porter to Doris Crane of Sacramento. Bridesmaid was Carolyn C. Henry of Concord and best man was John C. Gist, Jr., of Sacramento. The groom's parents are Mr. and Mrs. Charles W. Rose of Grass Valley and the bride's are Mr. and Mrs. Ellis T. Crane of Sacramento. A reception followed at Forest Inn or Ward Creek. Bishop Porter reports that the last of the Youth Encampment at Camp Noel Porter here will close for the summer on Tuesday, August 10, bringing the total for the season of youthful visitors to 250.

Mr. and Mrs. Sam Goss of Lake Forest were visitors in Grass Valley last week where they attended the day long Carpenters' District Council meeting. Noted guests vacationing on Lake Tahoe's shores this week are Count and Countess Mark de Tristan of San Francisco who are sojourning for two weeks at MayAhMee Lodge, near Tahoma. Mrs. John Walter of San Francisco is again enjoying the annual reunion of family members at her home on the Truckee River at Rampart Station, seven grandchildren and their parents her guests.

Mrs. C. K. McClatchy of Fresno has been enjoying a vacation at the old Briggs estate in the Sunnyside district. She is returning home as the place is rented for the rest of the season.

Mrs. Mitzi Cochran, mother of Mrs. James Baker of Fairway Drive, returned to her Berkeley home on Monday last. She plans to return again in two weeks. One of the leading wire services informed me on Friday last that it had a report that the next bride of Winthrop Rockefeller, Janice Edris of Seattle, was a guest in the home of Seattle friends near Tahoe City She is reported to be the daughter of a millionaire.

The following young ladies are manning the crowded switchboard at the Tahoe City telephone exchange this summer: the Misses Betty Jo Avant, Marian Egger, both of Modesto; Joyce Fisher, Barbara Bybee, Lou Kakavos, LaVerne McCluskey, and Hazel Prater, all of Sacramento; Elaine Foss, Oroville; Jennie Green, Placerville; Rosemary Hill and Betty La Musga, both of Red Bluff; Mickey Hurdle, Marysville; Mrs. Grace McKinney, Redding; Betty Sherman, Suisun; Jean Verner, Tahoe City, and Mrs. Joyce Waters, Reno. Day chief operator is Mrs. Sidney Gilson of Suisun and night chief operator is Virginia Sarina of Modesto.

This crew will remain through the summer season until September. It is hoped here that the overtaxed boards at the local exchange will be enlarged to accommodate the increased traffic before the next summer season rolls around.

Mr. and Mrs. Al Herman of Pineland entertained one day last week at dinner, the occasion being her birthday. Guests who enjoyed the deliciously barbecued steaks, cooked to a turn on the Herman's brand new barbecue just completed at their woodland home, included Bishop Noel Porter, Mrs. Ruth Droste, and Mrs. Herman's brother and wife, Mr. and Mrs. Don Long of San Francisco. A cocktail hour preceded the repast.

And speaking of Pineland reminds me that the residents of that nearby subdivision on Saturday evening staged one of their famous potluck dinners and entertainments. A group of at least 50 attended, and delicious dishes of every description were on the groaning board for the hungry participants. A big bonfire was lit, and entertainment included several songs by Mrs. Frances Carlson, an interesting and instructive talk on forestry, and the cause and prevention of fires by Butch Beavers of the William Kent Forestry Station, a comical by Ventriloquist Art Sparks, soprano solos by nine-year-old Joanne Perez, and piano solos by her 11-year-old brother, Herman Perez, both of whom are vacationing with their folks in Pineland, an unnamed trio, which was greatly liked, the Ward Creek quartet, which failed to sing, but imitated a quartet with facial expressions as a phonograph record was played, which included Richard and Paul. Mrs. Carlson and Van Conterno served as mistress and master of ceremonies. Carlson, Steven and Lind and Ed Thirkele, and community singing led by Mr. White. A grand time was enjoyed by all.

Miss Clare Titus, secretary for the Lake Tahoe-Sierra Chamber of Commerce reports only a fair representation of chamber members were present for the Thursday night meeting held in Tahoe Community last week. Fred Main, president of the chamber, presided. Very little was actually accomplished at the meeting although much general and helpful discussion of problems took place. Plans for the coming Gold Cup Mile High annual regatta were discussed, and it was learned that chances for the entrants to use the government beach near Richardson's Resort during the races to launch their boats "look favorable." Gordon Conrad was present to present more information regarding the erection of the bleachers, which must be placed on Camp Richardson property, as the government does not permit installation of such enterprises on their property. Section committees who will supervise the new membership drive for the chamber, to start very soon, are Mesdames Jeannette Mitchell and Clara Sanford, Meek's Bay area, including Tahoe City; Bob Snyder, Lake Forest, including Tahoe Vista; Pappy Brooks, Kings Beach; Don Huff, Homewood area; and Fred Main and George Kehlet, North; Tom Armston, Norman Celio and George Canon are in charge of the of the drive at South Tahoe, Tahoe.

Interesting was the talk presented by George R. Grimmett of Camco Enterprises who told the assembled members of plans his company has for the introduction of "snow-free" television reception in the near future. Seems his company has leased famous Squaw Peak which is so high that it is a natural antenna, or transmitter, for programs to be distributed from its source to the surrounding Lake Tahoe area. Cost of "hooking-up" to the outfit will stand each resident around $125, according to present estimates, and monthly service of programs to be piped into the homes will run around $4.

Can't seem to get any accurate information regarding the Gold Cup races at Seattle at this writing, but am afraid none of the Tahoe's entries had any luck. Will catch up with the details on this big event from the local angle next week.

Readers are reminded that the Women's Club of Tahoe will hold another bazaar and food sale on Friday, August 13, starting at 10 a.m. at Jack and Dinty's store in Tahoe City. Mrs. Gladys Anderson will be assisted by Mrs. Wilma Korich in the food sale and Mrs. A. A. Snyder will be in charge of the bazaar articles.

A total of 67 ladies attended the Tri-County meeting held at Homewood Hotel on Thursday last which started the business meeting at 10:30 in the morning. Mrs. Fred Pedley of Truckee, Tri-County president, presided. Special guest of the day was Mrs. C. R. Schnabel of Los Angeles, executive secretary of the Federation of Women's Clubs. Bishop Noel Porter of Tahoe was guest speaker of the day, choosing his favorite subject, "The Beauty and Restfulness of Our Lovely Lake Area." The morning session was taken up with the reports of presidents and committee chairmen.

Mrs. Howard Guth, president of the Women's Club of Tahoe, delivering the report of the local club. Luncheon was served on the resort's spacious terrace, with an entertaining interlude furnished by Miss Carol Wilson of Lake Forest, giving a piano solo, and Mrs. Roy Carlson several song selections, accompanied by Mrs. Charles Beardsley. A small amount of unfinished business in the afternoon was followed by a social period.

Ring off for the week with the hope that this beautiful temperate weather continues. This week is just right. Adios to one and all. As ever, Swanee.

NO SUCH THING AS MINOR VIOLATION OF TRAFFICE LAWS

SACRAMENTO—There is no such thing as a minor traffic violation.

Commissioner B. R. Caldwell of the California Highway Patrol made this statement today in reviewing the performance record of California motorists during the first six months of 1954.

A total of 915 traffic deaths occurred on the highways in unincorporated areas of the state during the first half of this year. These are the highways where the highway patrol concentrates its enforcement.

"While the death toll is considerably below the 1111 who died in traffic in these same areas during the first six months of 1953, the cold, hard fact remains that violations cause accidents, and accidents kill people.

"Under actual driving conditions the difference between a so-called minor violation and a fatal accident can very well be only a fraction of a second and a lot of good luck," Caldwell declared.

During the first half of 1954, a total of 267,553 citations were issued by the patrol for traffic violations.

"That means motorists were risking being involved in fatal collisions more than a quarter of a million times in six months time," he pointed out, adding "Safety experts almost unanimously agree that nine out of every ten traffic accidents are caused by driving errors."

OLD AGE PENSION MEETING SLATED FOR CHICO AUG. 18

Nevada County's old age pensioners will hold one of their most important sessions of the year—the annual state picnic — Wednesday, August 18 at Bidwell Park in Chico, it was announced by Julia Festi, 450 Mill street, Grass Valley, county picnic chairman.

Among the many outstanding political and civic leaders of the area who have been invited to attend the outdoor affairs, beginning at noon, are: Congressman Clair Engle and John E. Moss, Jr., Assemblywoman Pauline L. Davis and Senator Louis G. Sutton.

Provisions for an unprecedented number of the area's old age pension club members are being made, Chairman Festi reported, as the deadline draws closer to the November elections and a decision on Proposition 4, which the old folks solidly endorse.

Featured speaker of the meeting will be George McLain, chairman of the California Institute of Social Welfare, of which the "100 Clubs"—the campaigners for the "Aid to Needy Aged" Proposition—are affiliated.

His talk will center around the need of the old timers for, and their right to, $100 a month pension in view of today's high cost of living.

Assisting Julia Festi as co-chairmen of the picnic are Rev. J. Franklin, Chico; Mrs. Carrie Hinkle, Red Bluff; John Gray, Marysville; Fannie Vetter, Yuba City, and Jessie True of Redding.

FORMER PATROL CAPTAIN'S DAUGHTER WEDS, AT SERVICE

ROSEVILLE—Mr. and Mrs. Joe Brown Dobbs (Awyn Peterkin) will establish their home in Roseville when they return from a honeymoon trip to Lake Tahoe. They were married in the First Presbyterian Church. Rev. Herbert C. Tweedle conducted the double-ring ceremony and George Peterkin gave his daughter in marriage.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Kenny Lavery has returned from a wonderful vacation at Sequoia National Park with the Sierra Club. I hear he had the time of his life. He was the official pot wolloper and came home with dishpan hands, but no detergent burns.

Had a call from Mrs. Mosier telling of a bazaar to be held by members of the Community Methodist Church, at the Pines Kings Beach. It will be on Saturday, August 21 starting at 10 a.m., and will last all day. Candy, white elephant and lots of interesting booths. The proceeds will go to the building fund. All are welcome.

Still echoes of the Protestant Church dinner that was held at Cal-Vada Lodge a little while ago. Bert King tells of receiving a letter from his son Norman on board ship at Korea, with a clipping from a Mississippi newspaper telling about the four religious groups taking part at the dinner. This was the first time Kings Beach got world-wide advertising and recognition.

Sweet little Randy Williams celebrated his first birthday last Tuesday, the 10th, at the home of his grandparents in Kings Beach. He was up bright and early taking his daily swim in the bathtub, and all through the day welcomed many callers, and received many gifts and cards. Cute boy, I'll say.

Mr. and Mrs. Louis M. Johnson, the latter a sister of Dee Siple, were up from Glendale during the week. They were both enraptured by the beauty of the lake, especially the moonlight on the water. This past week has been magnificient, even to us locals. We had quite a nice visit with them, the only thing was that their visit was far too short.

Mrs. Ted Swink is visiting Walt Bailey's daughter and her husband this week, and next weekend Mr. and Mrs. J. Miller will be visiting with them.

Mr. and Mrs. Andy Anderson and family are staying at the Johnson home on the golf course. They are here from Arizona. Andy is in the gent's apparel store there. I am sure glad they came, as they brought me two most beautiful ties. What a difference in the temperature, how beautiful after a 100 degrees and more.

The Community Methodist Church had one of the largest congregations of the summer season with over 125 people present. A large group attended from Reno. These people were from the church where Rev. A. B. Covher used to serve in that city. There has been a remarkable change in the grounds at the church, the seats are freshly painted, and with the time set earlier, the seats are shaded which makes it most enjoyable to those that are here from out of town. The services are held at 10:45 with the Sunday school at 9:45. All are welcome no matter what your denomination.

The hobo hop for young people held at the carpenters' hall last Friday night was a huge success. according to Alice Sorensen who was one of the active chaperons at the affair. I am told that another one will be held this week and will be in charge of Jimmy Williams, assisted by Mrs. File and Mrs. Dewell. Gene Tompkins of the carpenters union will be on hand at these affairs to see that proper order is kept and if they are held as this last one everything will be O.K. and a credit to the kids.

The law enforcement officers of the area, Dick Lavery and Harry Johanson, are really kept on the hop this year, as is the court both in Tahoe City and Kings Beach. Tom Sheehan, the poular highway patrol officer, is especially active these days.

Well, I never. Already the winter season is just around the corner, at least it would seem that way, as Joby Lewis is already getting advertising out.

A radio powered by sunlight. Man's centuries-old dream of getting power directly from the sun has come true at last. Bell Telephone Laboratories has built a *solar battery* that directly and efficiently turns sunlight into usable electricity. Made of highly purified silicon—which comes from common sand—the Bell solar battery can run a small radio set (above) or send voices over telephone wires. Telephone people are still testing it. But chances are good that, once they finish, the Bell solar battery will offer great opportunities for improvement and economies in telephone service. Research like this helps us bring better service to more people at the lowest possible cost. **Pacific Telephone.**

PLANS PROGRESS FOR STAGING OF MILE-HIGH RACES

TAHOE CITY—America's newest speedboat classic, the Mile High Gold Cup will be raced at Lake Tahoe September 11 and 12. The second annual event for hydroplanes of unlimited power and hull specifications is run on the spectacularly beautiful resort lake 6228 feet high amid towering peaks of the Sierra Nevada mountains.

A field of five entries, with additions to follow, will race for the $6000 Mapes perpetual trophy. Entries include Henry J. Kaiser's two boats, Swish and Restless; J. Philip Murphy's new Breathless; William M. Stead's Hurricane IV and Stanley Dollar's Short Snorter. Dollar piloted Slo-Mo-Shun IV to its Seattle Gold Cup victory in 1952 and both Stead's and Murphy's boats were entries in the Seattle classic this year.

The two-day program will also include the Sky High Regatta offering nine races for hydro and runabout classes with cash prizes totaling $3150. Entries for these events number 128 boats, including the world's record holder in each limited class as well as the two and three position champions.

The racing program is sponsored by the Lake Tahoe-Sierra Chamber of Commerce. Regatta entry information can be obtained from Mrs. Kay Hallett, 7200 Doolittle Drive, Oakland.

COAST GUARD WILL CLAMP DOWN ON BOAT VIOLATIONS

The United States Coast Guard, whose duty is to protect life and property on the water, is disturbed by the increase in traffic accidents —traffic accidents, that is, which involve motorboats operating on the navigable waters of the United States.

The number of casualties involving motorboats indicates to Coast Guard officers that the waterways are plagued by the same type of reckless drivers that infest the highways.

To combat this menace, the Coast Guard is appealing to the public for assistance and cooperation in preventing the negligent operation of motorboats.

During the current boating season the Coast Guard will increase its motorboat boarding program. It will stress safety measures by providing owners and operators with technical and practical advice. The assistance of all citizens is sought to combat this growing menace, a violation of the federal law which states:

"No person shall operate any motorboat or any vessal in a reckless or negligent manner so as to endanger the life, limb, or property of any person."

Persons who observe such violations should notify the nearest Coast Guard unit, describing the incident, giving the date, time and place, together with a description of the boat, including the number on the bow, name, color, and any other distinctive markings.

FIVE GATES OPEN AT TAHOE DAM

TAHOE CITY—With five gates into the Truckee river open, the level of Lake Tahoe Monday stood at 6228.07 feet, Art Frodenberg, cooperative observed, reported. The temperature has been normal with a low of 35 last Friday and a high of 80 Saturday. No precipitation was recorded.

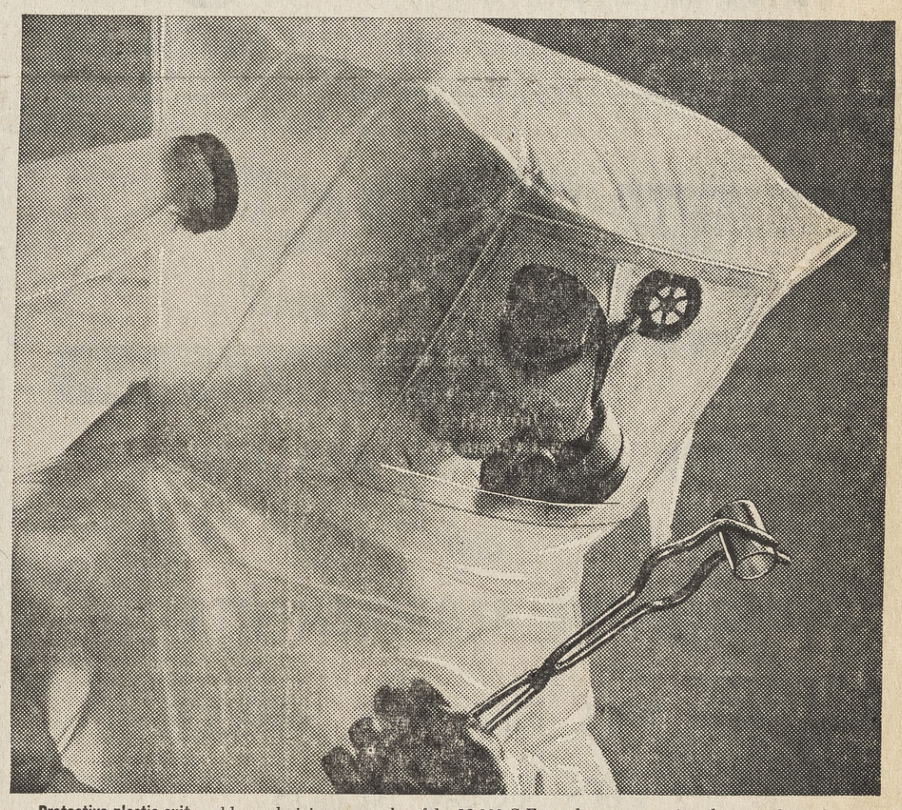
AS GENERAL ELECTRIC SEES IT . . .

The atom will produce power for homes in 5 to 10 years

Full-sized plants will generate electricity from atomic energy without government subsidy



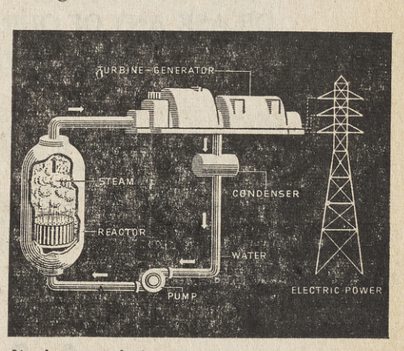
Protective plastic suit enables technicians to work safely. 12,000 G-E employees are assigned to atomic projects.

Biggest question in producing electricity with atomic energy has not been: Can it be done?—but: How can it be done *economically* on a full-scale basis so that many areas and many people can benefit?

America is now very close to a practical answer.

We already know the kinds of plants which will be feasible, how they will operate, and we can estimate what their expenses will be. In five years—certainly within ten—a number of them will be operating at about the same cost as those using coal. They will be privately financed, built without government subsidy.

Developing the right fuel element is still a problem, but the Atomic Energy Commission, General Electric scientists and other experts are all working on a solution. And real progress is being made.



Atomic power plant of type developed by A. E. C.'s Argonne National Laboratory. Fissionable material serves as fuel to produce steam which powers turbine. For more information from General Electric's Atomic Power Study, write Department W, 2-123, Schenectady, New York.

SUMMARY OF THE PROCEEDINGS OF THE BOARD OF SUPERVISORS FOR AUGUST, 1954

August 2, 1954

The regular monthly meeting convened at 10:00 o'clock A.M. with all members present. The minutes of the meeting of July 26 were read, corrected and adopted as corrected.

The Board created the position of Assistant Probation Officer and set the salary at Step A of Range 13 of the Salary Ordinance which is $268.00 per month.

Clifford Wasley was appointed caretaker without salary but with salvage privileges at the garbage dump in the second district.

The Road Commissioner assured a committee from the Burma Road that maintenance work will be done as soon as men and equipment are available from other jobs.

The Board loaned the General Fund the sum of $25,658.34 from the General Reserve Fund.

The monthly bills were carefully inspected and the following were paid from the:

General Fund, Warrants Nos. 1475 to 2873, $119,244.24.

Veterans' Building Fund, Warrants Nos. 13 to 20, $452.26.

Special Road Improvement Fund, Warrants Nos 7 to 145, $41,760.00.

The Board ordered a summary of its August proceedings published in the SIERRA SUN.

The Auditor was ordered to include in the final budget the sum of $500.00 for care of the garbage dumps in the second and fifth districts.

The Board instructed the Sheriff to request an auxiliary lighting plant for use at the Court House from the office of Civilian Defense at Sacramento.

The Road Commissioner was ordered to discontinue the practice of renting coverals for the garage mechanics.

The Road Commissioner was authorized to purchase two dump trucks for the Road Department.

The District Attorney's office was given a minute order to proceed immediately to secure rights of way for the new county hospital pipeline.

The Purchasing Agent was given a minute order to immediately advertise for bids for new pipe for the hospital pipeline as soon as the proper footage is given him by the County Surveyor.

The July report of the Welfare Department was approved and ordered filed.

Adjournment is taken until August 20 at 10:00 o'clock A.M.

R. E. DEEBLE,
County Clerk and Ex-Officio Clerk of the Board of Supervisors.

Governor Urges Aid For Emergency Polio Fund Drive In State

SACRAMENTO (CNS)—A statement on the March of Dimes campaign, which is to be conducted during the last two weeks in August, was issued from the office of Gov. Goodwin J. Knight today.

The statement said that California's 59 chapters of the National Foundation for Infantile Paralysis are faced with a critical emergency situation which will require an immediate and successful fund-raising effort to meet the rising incidence of infantile paralysis, and to continue the work of vital polio prevention program.

Dr. Malcolm H. Merrill, state health officer, pointed out that the state had 634 polio cases between April 1 and July 10 of this year, compared with 433 for a similar period in 1953.

Over half the chapters in California will find funds exhausted by the end of the month.

"I am confident," the governor said, "that the people of the state, when fully informed of these facts, will wholeheartedly support the emergency March of Dimes."

MAINTAIN VIGILANCE

SACRAMENTO (CNS) — Despite the fact that no cases of encephalitis have been reported this year to date to the state department of public health, officials are maintaining constant vigilance against the disease.

Officials said one suspected case was admitted to the San Joaquin General Hospital the first week in July. Continued mosquito control was recommended to thwart the disease, also known as sleeping sickness.

CERTIFICATE OF FICTITIOUS NAME

NOTICE IS HEREBY GIVEN that Kenneth P. Foster, Post-office box 1253, Truckee, California, Harry Digesti, Post-office box 732, Truckee, California, and Jerome A. Little, Post-office box 575, Kings Beach, California, have joined together and formed a partnership doing business in the fictitious firm name of 'Truckee Tahoe Fuel Company'; said company having commenced business operations on the 9th day of August, 1954, with its principal place of business located in the town of Truckee, County of Nevada, State of California. Further, that the three individuals named above comprise the total membership engaged in said business as partners.

Dated: August 9, 1954.

NOTICE OF SALE

NOTICE IS HEREBY GIVEN that on the 20th day of August, 1954, at the hour of ten o'clock A.M., at the main entrance to the Nevada County Courthouse, in Nevada City, County of Nevada, State of California, the undersigned trustee under the deed of trust executed by Marion R. Jones, party of the first part, to Oroville Title Company, a corporation, party of the second part, and trustee therein, and Ira O. Gifford and Laura S. Gifford, parties of the third part and beneficiaries, recorded February 23, 1954, in Book 194 of Official Record of Nevada County, page 365 et seq., in the Office of the County Recorder of said Neveda County, by reason of default in the payment of the obligation secured thereby and in the performance of the covenants contained therein, including the breach or default, a notice of which was recorded March 11, 1954, in Book 194 page 533 in the Office of the County Recorder of the County of Nevada, State of California, of Official Records, will sell at public auction to the highest bidder for cash in lawful money of the United States the interest conveyed to said trustee by said deed of trust in and to the property therein described, situated in the County of Nevada, State of California, described as follows, to wit:

Beginning at a point on the Northerly Right of Way line of Highway U. S. 40 from which point the corner common to Sections 8, 9, 16 and 17, Township 17 North, Range 16 East, M.D.B.&M., bears North 1298.23 feet; running thence North 84° 19' 00" East, 39.80 feet; thence North 0° 20' 00" East, 119.48 feet; thence South 78° 03' 30" West, 156.40 feet; thence South 10° 11' 00" East, 101.65 feet to a point on the Northerly Right of Way line of said Highway U. S. 40; thence North 84° 35' 00" East, along said Highway Right of Way, 95.00 feet to the point of beginning, containing 0.37 acres, more or less. Being a portion of the North one-half of the East one-half of the Northeast quarter of Section 17, Township 17 North, Range 16 East, M.D.B.&M., and a portion of the North half of the Northwest quarter of Section 16, Township 17, North, Range 16 East, M.D.B.&M.

For the purpose of paying the balance due upon the principal sum of said note, together with interest due thereon to date of sale as provided in said note, sums if any advanced under the terms of said deed of trust; the expenses of said sale and the compensation of said trustee, as therein provided. Terms of sale, cash in lawful money of the United States.

Dated this 20th day of July, 1954.

NOTICE TO VOTERS

NOTICE IS HEREBY GIVEN to the electors of the State of California that the following Bond Act will be submitted to the People of the State of California for their ratification at the next general election to be held on the second day of November, A.D., 1954.

FRANK M. JORDAN,
Secretary of State.

FOR THE VETERANS BOND ACT OF 1954.

This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.

1

AGAINST THE VETERANS BOND ACT OF 1954.

This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans.

This proposed law, by act of the Legislature passed at the 1954 First Extraordinary Session, is submitted to the people in accordance with the provisions of Article XVI of the Constitution.

(This proposed law does not expressly amend any existing law; therefore, the provisions thereof are printed in BLACK-FACED TYPE to indicate that they are NEW.)

PROPOSED LAW

An act to add Article 5e to Chapter 6 of Division 4 of the Military and Veterans Code, authorizing the creation of a debt or debts, liability or liabilities, through the issuance and sale of state bonds, to create a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans Farm and Home Purchase Act of 1943 and acts amendatory and supplemental thereto; defining the powers and duties of said committee and of the Department of Veterans Affairs and other state officers in respect to the administration of the provisions hereof; providing ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; and providing for the submission of this act to a vote of the people at the general election to be held in the month of November, 1954.

The people of the State of California do enact as follows:

Section 1. Article 5e is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5e. Veterans Bond Act of 1954

996.25. This article may be cited as the Veterans Bond Act of 1954.

996.26. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans Farm and Home Purchase Act of 1943 and of all acts amendatory thereof and supplemental thereto, the Veterans' Finance Committee of 1943, created by Section 991, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

996.27. After adoption of any resolution by the Veterans' Finance Committee of 1943, provided for in Section 996.34 the State Treasurer shall arrange for the preparation of the requisite number of suitable bonds in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this article shall not exceed the sum of one hundred seventy-five million dollars ($175,000,000) and shall bear interest at a rate not exceeding 5 percent per annum payable as provided in such resolution. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this article shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943. The Veterans' Finance Committee of 1943 may require that said bonds be authenticated by the State Controller or by any Deputy State Controller, and in such event no bond authorized hereunder shall be valid unless so authenticated in the manner so required. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid and binding general obligation upon the State of California, although the sale or delivery thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the date of adoption of the resolution of the Veterans' Finance Committee of 1943. Each bond issue under this article shall contain a clause or clauses referring to this article and to the resolution of the Veterans' Finance Committee of 1943 hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

996.28. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in Section 996.29 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the Veterans' Finance Committee of 1943 shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or cremate any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

996.29. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this article, as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the General Fund in the State Treasury, all of the money in the Veterans' Farm and Home Building Fund of 1943, not in excess of the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said Veterans' Farm and Home Building Fund of 1943 as soon thereafter as it shall become available, together with interest thereon from such dates of maturity until so returned at the same rate as borne by said bonds, compounded semi-annually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the Controller of the State in favor of the State Treasurer, or his duly authorized agent, and the money to be returned into the General Fund in the State Treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller. The Department of Veterans Affairs, by resolution approved by the Veterans' Finance Committee of 1943, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

996.30. The bonds authorized to be issued under this article shall be sold by the State Treasurer to the highest bidder for cash, either at public auction or upon sealed bids as the Veterans' Finance Committee of 1943 may by resolution determine. The Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as he may select. If said bonds are offered for sale upon sealed bids, then each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the Veterans' Farm and Home Building Fund of 1943, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

996.31. Due notice of the time and place of sale of all bonds shall be given by said Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Farm and Home Building Fund of 1943 and must be used exclusively in aiding veterans in the acquisition of, or payments for, farms and homes, in accordance with the provisions of this chapter; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

996.32. The Department of Veterans Affairs is authorized, with approval of the Department of Finance, to invest any surplus money in the Veterans' Farm and Home Building Fund of 1943 in bonds or obligations of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or obligations, or any of them, at the governing market rates, upon approval of the Department of Finance; or the Department of Veterans Affairs may, with the approval of the Director of Finance, invest money in such fund, in interest-bearing certificates of deposit of state banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 percent of the paid-up capital of such bank; provided, however, nothing herein contained shall inhibit the depositing in banks in accordance with Chapter 4, Part 2, Division 4, Title 2 of the Government Code, of money of any of the funds subject to the control of the Department of Veterans Affairs or appropriated for its use.

Interest accruing upon the deposit of money of the Veterans' Farm and Home Building Fund of 1943 shall be paid into and credited to said fund.

996.33. Upon request of the Department of Veterans Affairs, supported by a statement of the plans and projects of said department with respect thereto, and approved by the Governor, the Veterans' Finance Committee of 1943 shall determine whether or not it is necessary or desirable to issue any bonds authorized under this article in order to carry such plans and projects into execution, and, if so, the amount of bonds then to be issued and sold. Successive issues of bonds may be authorized and sold to carry out said plans and projects progressively, and it shall not be necessary that all the bonds herein authorized to be issued shall be sold at any one time.

996.34. Whenever the Veterans' Finance Committee of 1943 shall have determined that the sale of all or any part of the bonds authorized to be issued under this article is necessary or desirable to carry such plans into execution, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The maximum number of each denomination or denominations, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this article, irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, or the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual intervals.

3. The provisions, if any, for the retirement of said bonds at any time or times prior to their maturity, the manner thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent payable as herein provided.

5. The provisions, if any, for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any Deputy State Controller.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Finance Committee of 1943 shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Farm and Home Building Fund of 1943 from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the Veterans' Finance Committee of 1943 by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net interest cost to the State. The lowest net interest cost to the State shall be computed on a 360-day year basis. The interest coupon first payable may, if the Veterans' Finance Committee of 1943 shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

996.35. All actual and necessary expenses of the Veterans' Finance Committee of 1943 and of the members thereof incurred in the performance of their duties arising out of the provisions of this article and expenses incurred by the State Treasurer in having said bonds prepared and in advertising their sale or their prior redemption shall be paid out of the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

Whenever the Veterans' Finance Committee of 1943 deems it advisable to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Veterans Affairs or both to obtain such a legal opinion. Payment for such legal services shall be made from the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

996.36. The Controller, the Treasurer and the Veterans' Finance Committee of 1943 shall keep full and particular account and record of all their proceedings under this article, and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this article shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

996.37. So long as any bonds authorized under this article may be outstanding, the Director of the Department of Veterans Affairs shall cause to be made at the close of each fiscal year, a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, such survey to be made by an independent public accountant of recognized standing. The results of such surveys and projections shall be set forth in written reports and said independent public accountant shall forward copies of said reports to the Director of the Department of Veterans Affairs, the members of the California Veterans Board, and to the members of the Veterans' Finance Committee of 1943. The Division of Farm and Home Purchases shall reimburse said independent public accountant for his services out of any funds which said division may have available on deposit with the Treasurer of the State of California.

Sec. 2. This act shall take effect upon its adoption by the people as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 3. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, 1954, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the Veterans Bond Act of 1954," and the same square under said words the following in eight-point type: "This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." In the square immediately below the square containing such words, there shall be printed on said ballot the words, "Against the Veterans Bond Act of 1954," and in the same square immediately below said words, in eight-point type shall be printed "This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans." Opposite the words "For the Veterans Bond Act of 1954" and "Against the Veterans Bond Act of 1954," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words, "For the Veterans Bond Act of 1954" and those voting against the said act shall do so by placing a cross opposite the words "Against the Veterans Bond Act of 1954." Provided, that where the voting of said general election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section. The Governor of this State shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 5. It shall be the duty of the Secretary of State in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this State, for three months next preceding the general election to be held in the month of November, 1954. The costs of publication shall be paid out of the General Fund, on Controller's warrants duly drawn for that purpose and shall be refunded to the General Fund out of the Veterans' Farm and Home Building Fund of 1943. Said refund shall be made upon Controller's warrants duly drawn against said fund for said purpose upon demands audited by the State Department of Finance.

PIER FEE ISSUE IS SUBJECT OF TALK AT SACRAMENTO

SACRAMENTO—Col. Rufus Putnam, executive officer of the state lands commission, announced that a newly-levied fee for piers and wharves at Lake Tahoe eventually will be extended to all navigable lakes and streams in the state.

The announcement came following a meeting in Sacramento last week at which some 225 Lake Tahoe property owners, supported by the Lake Tahoe-Sierra Chamber of Commerce and other organizations, protested the new law.

The fees range from $5 to $100 depending upon their size and use.

Opponents to the fee charged that no assessments had been made for piers used in most instances for pleasure boating prior to 1938, but that since that time the state has gradually extended its request for fees.

The state contends that the submerged land below a certain lake level are state property and that the state should receive some rental for structures built on this property.

It is also contended that the cost of collecting the fees would amount to as much as the fees themselves, so the state would have no additional revenue.

The state held up final action on the appeal pending filing of legal briefs by attorneys representing property owners at Tahoe.

25-Mile Speed Limit Is Explained by Sergeant

"Twenty-five miles per hour is the prima facie speed limit in any business or residential area, unless other wise posted within the authority granted in the vehicle code," Sgt. Ed Freeman, commanding the Truckee Highway patrol squad, declared.

There are other instances, less widely known, when this same speed prevails. Additional conditions called for speed not over 25 miles per hour include driving on the grounds of any public school, state, county or city building or institution, any Veterans Administration facility or veterans home.

Any highway bordering a Veterans Administration Facility or any state hospital or veterans home can carry a 25-mile per hour speed if properly posted. This same rule prevails on highways passing by or through parks or playgrounds of other buildings used for public assemblage.

Most common restricted zones for 25 miles per hour are the business and residence districts, though the other while less widely identified, are equally important.

Don't Start a Fire

Hot summer days and below-normal rainfall have made our forests and grasslands ripe for destruction by fire. Don't throw lighted matches from your car. Help prevent forest fires.

"Tote that Bale"

Nearly 500,000 bales of California's famed Acala cotton moved through the Port of San Francisco in 1952.

Dog Injures Woman In Attack On Tahoe Beach

TAHOE CITY—Mrs. Ben Callender of Homewood had her left fore-finger severed by the bite of a vicious dog on Sunday and was rushed to a Reno hospital after treatment by Dr. C. B. Pedersen of Tahoe City. An emergency operation followed.

Mrs. Callender is said to have been resting on a beach with their dog, Sonny, nearby when a strange black dog approached and Mrs. Callender fearing the second animal, held her dog by the collar to prevent any injury to him.

The strange canine then is said to have made an unprovoked attack on the Callender dog and in doing so, bit Mrs. Callender, amputating the finger.

Membership Drive For Tahoe Chamber Monday

TAHOE CITY — Armed with applications for membership in the Lake Tahoe-Sierra Chamber of Commerce, a group of solicitors will leave the community hall at Tahoe City Monday morning for a drive down the west side of the lake.

Everyone is invited to join in the caravan and music will be provided as the group wends its way from point to point seeking new members. The group will leave at 9 a.m.

Margaret Pitts Married ToJames Pryor In Reno

Mr. and Mrs. Arthur R. Pitts this week announced the marriage of their daughter, Margaret, to James T. Pryor of Norden. The wedding took place in Reno Saturday and the young couple returned here to make their home.

Mrs. Pryor has been attending the Tahoe Truckee High School and plans to continue her studies this fall. Presently she is employed at Heller's Variety Store.

Pryor is employed by the Southern Pacific Company at Norden. Both young people are well known here and their many friends will join in extending best wishes.

A reception for the couple will be held at Donner Lake Lodge Friday evening, August 20, and a number of close friends are being invited to join in the celebration.

Judge Jones Presides In Placer Courts

Superior Judge Bertram D. Janes of Plumas County and retired Superior Judge George L. Jones of Nevada County, have been named to handle the duties in Placer County Superior Court during the month of August, during the court vacation.

IT'S WISE TO ADVERTISE!

Enforcement Asked For Curfew Laws

GRASS VALLEY—Stricter enforcement of curfew regulations throughout Nevada County is expected to result from a meeting here last night in which enforcement officers, juvenile officials, prosecutors and judges gathered for a study of juvenile delinquency problems.

Floyd C. Pond, county probation officer, presided over the session in which District Attorney Vernon Stoll, Sheriff Wayne Brown, highway patrol Captain Joseph Blake and Judges Fosten Wilson and Charles Morehouse of the Truckee and Grass Valley Judicial Districts played important parts. Also represented were the Grass Valley and Nevada City Police Departments and county probation committee.

Standard Ruling

Pond outlined the identical curfew ordinances in effect in Nevada City and Grass Valley and Nevada County.

These require all juveniles under 18 years of age to be off the streets or highways and out of public places between 10:30 p.m. and 6 a.m. The ordinance makes parents liable to prosecution on misdeameanor charges whenever their children violate the curfew. Owners of public places also are liable if juveniles are found in their establishments after curfew.

Pond explained the difficulties of enforcing the law strictly and said youngsters will not be bothered by the police if they are en route to their homes from football games, school dances or other approved functions.

Another Exception

He also said judgment should be exercised in cases of theater operators who would have great difficulty sorting the juveniles from the young adults at 10:30 each night.

He said the law is not designed to hinder well behaved children engaged in a legitimate activity but is intended to give officers full authority to clean up the habitual offenders and those who hold late beer parties in cars.

NURSERY SCHOOL TO BE INITIATED HERE

The nursery school program will be initiated at the Truckee Elementary School and the Tahoe Lake School with the beginning of the fall semester on September 7. The teacher will be Mrs. Elaine Wright of Lake Forest. Sessions will be held on Monday, Wednesday and Friday from 9 a.m. to 12 noon at the old school building in Tahoe City, and Monday, Wednesday and Friday from 1 to 4 p.m. in the Truckee Elementary kindergarten room.

This program is a part of the parent education program conducted under the regulations set up by the State of California, Department of Education. Children from 2 to 4 years of age may attend nursery school. It is necessary that two mothers be present to assist the instructor at every session. Parents also meet once a week, for three hours, to discuss their observations in the nursery school, and to discuss psychological and physiological information concerning children of nursery school age.

The governing board of the Tahoe-Truckee Unified School District, in approving the program, hoped that it would be possible for 20 parents to be enrolled in Truckee, and an additional 20 in Tahoe City. Additional information concerning the program is available from the superintendent of schools, Everett V. O'Rourke; the teacher, Mrs. Elaine Wright; Mrs. Oliver Scow in Truckee, or Mrs. Jay Shontz in Tahoe City.

BREAKS COLLAR BONE

Dan Sheehan of Tahoe City had the misfortune to break his collar bone in a fall from his bicycle on Monday. He was taken to Tahoe Forest Hospital for treatment.

Tri-County Women's Club Holds Meet At Homewood

TAHOE CITY — The Women's Club Tri-county Summer Conference was held at Homewood Resort Thursday, August 5th, beginning with a business meeting presided over by Mrs. Fred Pedley, president. Guest speaker for the day was Bishop Noel Porter. Mrs. C. R. Schnabel, executive secretary of the California Women's Clubs, was present from Los Angeles.

Sixty-seven women were present from various clubs of the state.

There was a piano solo by Carol Wilson of Lake Forest and songs by Mrs. Roy Carlson, accompanied by Mrs. Beardsley. A luncheon was served by the Don Huff of the resort.

The Women's Club will hold their next food sale and bazaar Friday August 13 at Jack and Dinty's Market in Tahoe City starting at 11.

The next meeting will be at the Pfeifer House August 19th with Dr. Monica Briner as guest speaker.

At Board Meet—

Charles R. Heller was a visitor at the meeting of the board of supervisors last week in Nevada City, accompanying Supervisor H. G. Loehr to the county seat.

Galilean Service Will Be Held At Lake Tahoe

KINGS BEACH—A special galilean service will be conducted on the beach of Lake Tahoe at Kings Beach, on Sunday, August 22 at 7 p.m. The setting for the service is taken from Jesus personal ministry as indicated in Matthew 13:1-3. Rev. A. B. Covher, of Kings Beach Methodist Church, will lead the group worship on the public beach, assisted by Bert Beiler and other young people.

As a boat approaches from across the lake bearing the speaker for the occasion, "The Stranger of Galilee" will be sung by Reverend Covher.

The message will be brought from the boat by the Rev. Wesley Osman of the Truckee Methodist Church. His topic wil be, "What Are You Sowing?" The public is cordially invited to attend this memorable service.

Tahoe Honeymoon

Chief Justice Phil S. Gibson, 61, and his bride, the former Miss Victoria Glennon, 32, returned to San Francisco following their marriage last week at Virginia City and their honeymoon at Lake Tahoe.

Schedule Announced For School Grid Practice

The Tahoe-Truckee High School football practice will begin on Monday, August 23, at 2:30 p.m. and continue through September 3. Each day's practice will start at the times indicated:

Monday, Aug. 23—2:30 p.m.
Tuesday, Aug. 24—1:30 p.m.
Wednesday, Aug. 25—2:30 p.m.
Thursday, Aug. 26—1:30 p.m.
Friday, Aug. 27—1:30 p.m.
Monday, Aug. 30—2:30 p.m.
Tuesday, Aug. 31—2:30 p.m.
Wednesday, Sept. 1—2:30 p.m.
Thursday, Sept. 2—12:30 p.m.
Friday, Sept. 3—12:30 p.m.

The following varisity games have already been scheduled:

Douglas	Yerington
Loyalton	Reno Jay Vee
Monogue	Lovelock
Stewart	

The following are tentative games for the junior varsity:

Sparks Jay Vee	Yerington
South Tahoe	Intersquad game

Mr. and Mrs. A. P. Leitch of Placerville were visiting local friends last weekend.

ROBICHAUD SPEAKS AT ROTARY MEET

Francis Robichaud, Truckee attorney, gave an enlightening talk on criminal law at Monday night's meeting of the Truckee Rotary Club at Donner Lake Lodge.

Visiting Rotarians were C. Frank Brown of Glendale, Ariz., and Bill Randall of Brockway. Charles R. Heller of Truckee was a guest.

Rotarians are again reminded of the meeting with the Reno club next Monday at Reno. This is the annual barbecue and all members are urged to attend.

FOR SALE— Four-piece davenport set brocaded satin, down filled, polichromed and hand carved. Cost $1500, now $400. Ninth house upper loop road top Brockway grade from Highway. Mrs. Caddagan.

FOR SALE—Doctor's office fully equipped for medical and surgical practice. Less than one mile from fine new hospital. Long term lease available. Very reasonable. For further details write or phone Richard Joseph, administrator of the estate of Dr. J. B. O'Neill, deceased, Truckee, Calif. a2-17

BERNARD SHEA HOPED TO CONFIRM THE DEATH OF HIS NEPHEW, BUT AS SOON AS HE LANDED HIS PLANE HE WAS INTERCEPTED BY SAVAGES!

FINALLY, WHEN THE NATIVES CEREMONIOUSLY MOTIONED FOR HIM TO FOLLOW, BERNARD UNDERSTOOD— THEY HAD NEVER SEEN AN AIRPLANE BEFORE, AND CONSIDERED HIM TO BE A DEITY!..

...WEEKS PASSED, AND STERLING SHEA AND GEORGIE FEARONS RECOVERED FROM THEIR ORDEAL. "NOW," SAID TARZAN, "WE CAN PROCEED TO THE COAST—"

WHEN SUDDENLY, GRIM, SAVAGE FIGURES LEAPED OUT FROM THE BUSH AND ATTACKED!

THE COMPANIONS FOUGHT VALIANTLY BUT WERE OVER-COME BY THE SHEER WEIGHT OF NUMBERS. THEY WERE QUICKLY BOUND.

LED AWAY FROM THE FOREST, THEY PAUSED ON A BLUFF AND LOOKED DOWN UPON A MYSTERIOUS LAKE-VILLAGE.
